Dear Harold Weisberg,

Hi. The people at Assassination Archives gave me your address. They were also helpful in research for a recently-approved Ph. D. dissertation on the attempts of Costa Rica to deal with the arms & drug business of the "Iran-Contra" event. Question: In any of your research, have you noted much or any links between Lee Harvey Oswald & Manuel Artime (U.S.-Cuban, died 1977). Thank You, Paul Hubert
